

Point Traverse - 2019

with
Fully Tek Charters

Point Traverse - Picton

Approximately four hours east of Kitchener / Waterloo, there is a place near Belleville called Prince Edward County and Point Traverse. This area sports some of the finest shipwreck diving that Eastern Lake Ontario offers.

This is one of the best spots to view intact wooden ships from a bygone era. Some of the wrecks that we dive include the beautiful schooner *Katie Eccles*, and the huge tug, the *Frontenac*. Other favorites include the *Annie Falconer*, *China*, and the *Olive Branch*. While these wrecks can be reached from Kingston, they are much more accessible from Point Traverse.

This is a popular trip and fills up quickly. The trip is limited to 8 people. A deposit of \$220.00 will hold your spot.

The price per diver is \$420 which includes the charter on the "Planet Express" for each day (two dives per day) and accommodations for 2 nights (Friday and Saturday) at Black River Cottages.

Diver on the Katie Eccles

On the Saturday, the "Planet Express" will be docking for lunch at Main Duck Island between dives (weather permitting). Main Duck Island is approx. 10 miles off of Point Traverse, it's isolation and natural beauty appears to be touched by time. This is a rare opportunity to enjoy a light lunch (which will be provided) and explore.

All divers will be required to sign a waiver of liability prior departure from the dock.
